NFWF

UMass Amherst Student Research

Julianne Rosset (MSc, 2016)

- Delay between migration & spawning
- Adults present in lakes longer than we thought

Meghna Marjadi (PhD, MSc 2016)

- Adult reproductive patterns
- Juvenile and adult emigration patterns

Matt Devine (PhD; MSc 2017)

- Sampling methods for juvenile river herring
- Density-dependent growth rates

Steven Mattocks (MSc, 2016)

- Damming and lost river connectivity
- Alewife increase sportfish condition

Lian Guo (PhD)

- Juvenile growth temp & food limited
- Decreases lake temps ($>25^{\circ}\text{C}$)

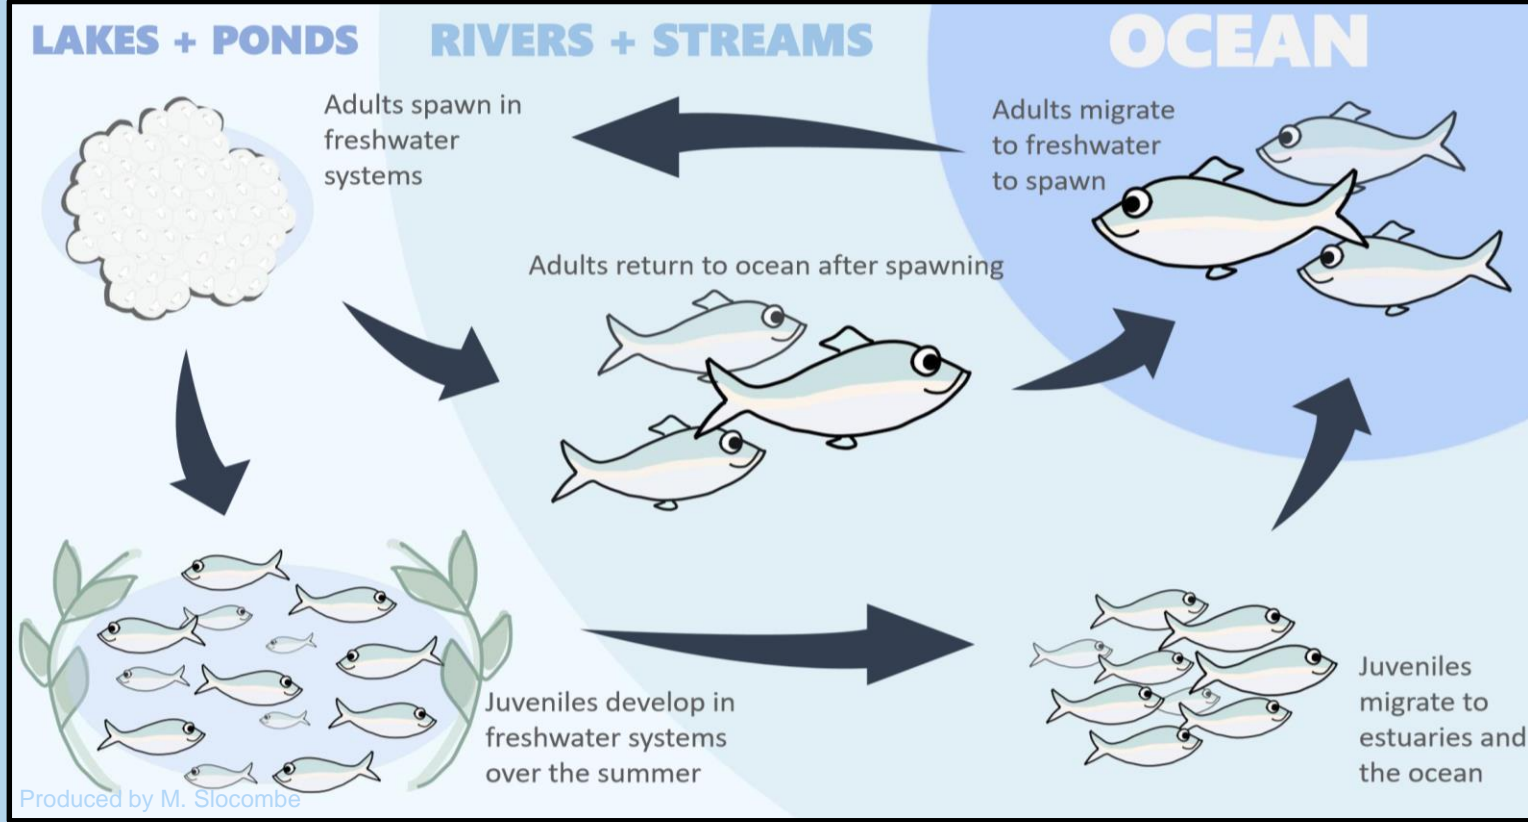

Study Species: Anadromous River Herring

Blueback Herring
(*Alosa aestivalis*)

Alewife
(*Alosa pseudoharengus*)
